SNAKE AVOIDANCE

Camp Pendleton has 20 species of snakes, but only 3 are poisonous. All the poisonous snakes on Base are rattlesnakes. To avoid snake encounters clean up junk in your yard and keep vegetation neatly trimmed. Pet food left outdoors can attract rodents that may in turn attract snakes. Do not leave outside doors open, including the garage door. If you find a snake in your building or your yard, call the Game Warden Office, phone 725-3360, and someone will remove the snake. Monitor the snake from a safe distance to help the Game Warden employee find the snake when they arrive. Do not try to kill or capture any snake on base.

Cleanliness of the property, We need all residents to please help keep DeLuz Housing clean

-Please keep your yards free of toys, trash and cardboard; and take your trashcans in after trash pick-up. **If your trashcan is left on the street after trash pick-up, DeLuz Housing can not be held accountable for replacement.**

- Keep your driveways clear of newspapers, in the event you are going on vacation have a neighbor pick-up your newspapers or donate your paper during that period.

- Keep porches and patios clear of trash and cardboard.

- Pick-up toys that your children take to the tot lots to play with.

- We have a cardboard and trash container located behind our maintenance and landscaping buildings that is open during normal working hours. Please do not leave items in front of the maintenance yard gate. If the gate is closed; please come back the next business day and dispose of your trash and cardboard items.

VANDALISM

DeLuz continues to have many senseless acts of vandalism to the tot lots and breaking of sprinkler heads. These are costly to repair and cut deeply into funds we would rather use in support of the community. Once a child or guest of a resident is identified, that resident will be charged for replacement parts and labor. Please help us stop this unnecessary damage by reporting those who are responsible.

LANDSCAPING CORNER

If you noticed any damaged or broken sprinklers in your area please call or notify us immediately.

Please help us conserve water by ensuring all sprinklers are working properly.

Cliff Swallow And Other Bird Nests

Cliff swallows and most birds on base are protected by federal law under the Migratory Bird Treaty Act (MBTA). Swallows migrate from North America to South America, arriving on base February to breed, and then flying South in September. The birds build mud nests on buildings to raise their young. Once completed these nests may not be disturbed. However, when the nests are incomplete and obviously do not contain eggs or chicks, they may be knocked or washed down. The nest may also be removed after 15 September each year to discourage further nesting at the site. For more information, phone the Game Warden Office at (760) 725-3360.

PETS

Property Management has not changed policy for pets in DeLuz Housing. DeLuz Housing remains a "No Pet Area ". This also includes pet sitting for friends, friends bringing a pet for the weekend, or relatives bringing their pets with them while they visit.

CAMP PENDLETON RECYCLING PROGRAM

Recycling is a component of Camp Pendleton's solid waste management program and its primary function is to reduce the volume of waste disposed into the Base Landfills and to meet Federal, state, and local requirements.

All homes are provided recycling bins for curbside collection. Aluminum & metal cans, plastic & glass bottles, jugs and jars can be commingled and placed into the same container. Newspaper, chipboard, cereal boxes, paper, cardboard and junk mail should be placed in the same container.

Please recycle and do visit the website for more information.
