“Helping Hands” program

Dear De Luz Families-

We are very excited to announce our new “helping hands” program. This is available for all deployed families and Wounded Warriors. If you need help hanging up holiday lights, mowing your fenced in back yard, changing a light or if there is something else your spouse or you would normally have been able to help with. If you are not sure if it is something that would qualify for our “helping hand” program please call us anyways and we will see if we are able to help. We want all our Service men and women and their families to know that De Luz is about family taking care of family. Thank you for your Service to our Country!

Bronwynn Blackmon
 Community Director

Hunt Update

FREE TUTORING!

Military families are eligible for FREE tutoring at Tutor.com

Go to tutor.com/MILITARY to sign up. Help is available for K-12 homework and test preparation, college entrance and Advanced Placement tests, GED, ASBAB and basic college classes. Tutors are live and available 24/7, 361. You can share files and docs, work on a shared white board and “save” your favorite tutors. The 10 PM algebra problem may not be such a problem after all.

Our Community is composed of beautiful 2, 3 and 4 bedroom homes. With family friendly amenities and events.

Maintenance

Fried turkeys are popular, but nearly 4,300 fires occur on Thanksgiving causing 15 deaths and almost \$27 million in property damage. **If you are still planning to fry a turkey, follow these tips:**

- Purchase a turkey fryer. Do not use homemade fryers
- Do not use the fryer on a deck, a combustible surface, or in your garage
- Ensure the fryer is a safe distance from buildings and combustible materials
- Ensure that the unit is on a flat, dry surface
- Never leave the fryer unattended
- Keep all pets and children away from the fryer before, during and after use
- Do not overfill the fryer with oil
- Use leather gloves or pot holders when touching the unit or lid
- Ensure the turkey is completely thawed and dry before placing it into hot oil
- Place the turkey in the oil slowly; this may a minute depending on size
- Keep a multipurpose (ABC) fire extinguisher nearby in case of fire
- Never use water to extinguish a fryer fire. Clear the area and call 911.
